

the new mono

combi pram
with innovative combi-unit (carrycot & seat)

#lifebeginsoutdoors

For those who do not want to compromise.

The **tfk mono** is a consistent further development and combines the best features from the Trail and Adventure series. It is the result of decades of experience, developed and designed by parents for parents. Only tested and certified materials are used, and the TÜV subjects all of our models to extensive tests.

Better safe than sorry!

Colour and wheel options 2020

- 310 black
- 315 grey
- 327 brown
- 355 olive
- + T-D1-E Air chamber tyres
- 411 premium anthracite
- 415 premium grey
- + T-D1-A Pneumatic tyres

The combi-pushchair from tfk, that accompanies your child safely and comfortably into life from the very beginning.

In addition to the new and patented combi-unit (carrycot & seat), the **tfk mono** offers a choice of 12" pneumatic or air chamber tyres.

The reclining-seat-unit transforms from a carrycot with comfort mattress, which is one of the largest on the market, into a comfortable seat. Thanks to the versatile features, such as the infinitely adjustable backrest or the insertable footrest, you can use the **tfk mono** from birth until at least 36 months.

mono

Comfort and safety, developed by parents.
